

X-35 sails for sale

In need of a new set of sails? We have 2 used sets of X-35 sails for sale: Elvstrøm EPEX sails from 2010 and Quantum Racing sails from 2008.

Elvstrøm Sails on our boat. Our best result in 2010 was 3rd place at Europeans in Medemblick, Holland.

Elvstrøm Sails

These sails are bought in 2010. The technology is EPEX and the materials used are Technora Kevlar and Carbon. See more about this at www.elvstromsails.com. 2 out of 3 podium positions at the Europeans 2010 were sailing Elvstrøm Sails.

Sails

- Code 1 Jib (for light winds) – from September 2010
- Code 2 Jib (for medium winds) – from April 2010
- Code 3 Jib (for hard winds) - from September 2010
- Main Sail - from September 2010
- Spinnaker Light (0,5 ounz - 105,7 m²) - from September 2010 (no sail sticker)

Our preference regarding delivery time for these sails is as close to the 2011 Worlds in Aarhus, Denmark as possible. This is subject for negotiation.

Quantum Racing sails

These sails are bought in 2008. The materials used are Aramid and Carbon.

Sails

- Code 1 Jib (for light winds) – from June 2008
- Code 2 Jib (for medium winds) – from June 2008
- Code 3 Jib (for hard winds) - from June 2008
- Main Sail - from June 2008

Other sails

We also have a light North and a heavy Quantum spinnaker from 2006 for sale.

We will help you get the most from your new sails

- We will provide you with one of our best trimmers for up to two days.
- We will provide you with our trim guide for optimal performance.
