

X-35 sails for sale – 2012 version

We have the Worlds fastest X-35 sails with tuning guide for sale.

Elvstrøm Main and Spinnaker on our boat. This was taken at the Worlds 2011 in Aarhus.

Elvstrøm EPEX Jib and Main, taken at the Worlds 2011 in Aarhus

Elvstrøm EPEX Sails to be delivered summer 2012

The technology is EPEX and the materials used are Technora Kevlar and Carbon. See more at www.elvstromsails.com. 4 out of 6 of these sails were our Worlds 2011 sails.

Sails

- Code 1 Jib (for light winds) – used first time in autumn 2010
- Code 2 Jib (for medium winds) – used first time at the Worlds 2011
- Code 3 Jib (for hard winds) - used first time in autumn 2010
- Main Sail - used first time at the Worlds 2011
- Spinnaker Light (0,5 ounz - 105,7 m²) - used first time in autumn 2010 (not sure if it has a sail sticker, has to be checked)
- Spinnaker Heavy (0,75 ounz - 105,7 m²) - used first time in spring 2011 (regattas only)

Elvstrøm EPEX Sails to be delivered after the Worlds 2012

4 out of 6 of these sails have not been produced yet, but will be in spring 2012. These 4 new and 2 used sails will only be used for the Worlds and maybe one regatta before this in 2012.

Sails

- Code 1 Jib (for light winds) – used first time at the Worlds 2011
- Code 2 Jib (for medium winds) – not produced yet
- Code 3 Jib (for hard winds) - not produced yet
- Main Sail - not produced yet
- Spinnaker Light (0,5 ounz - 105,7 m²) - used first time at the Worlds 2011
- Spinnaker Heavy (0,75 ounz - 105,7 m²) - not produced yet

We will help you get the most from your new sails

- We will provide you with our trim guide for optimal performance.
- If wanted and practically possible we can arrange some trim guidance onboard your boat

Sail sizes

See <http://www.x-yachts.com/press/X-35/doc/h3%20x-35%20sailplan%20-%20revision%20b.pdf> for exact sizes.
